Sir,

This letter is in response to Office Action dated 08/06/2002. A request for a two-month extension of time has been submitted with this response.

REMARKS

Specification Objection

Examiner has stated that the specification is objected to as failing to provide proper antecedent basis for the claimed subject matter. Specifically, Examiner has stated that "the specification does not make any reference to the elements of the invention as being "means". Examiner also states that Claims 1 - 6 and 32 - 37 are considered to be essentially duplicate claims. In response, Applicant submits that Claims 32 - 37 are not duplicate claims of Claims 1 - 6. Rather, Claims 32 - 37 are "means-plus-function" claims written in accordance with 35 USC 112, sixth paragraph. Please note, Claims 32 - 37 are "means-plus-function" claims even though they do not specifically recite "means for". As clearly stated in Section 2181 of the MPEP:

While traditional "means for" or "step for" language does not automatically make an element a means-(or step-) plus-function element, conversely, lack of such language does not prevent a limitation from being
